6:30PM – 10:30PM

(VIP TOUR: 6PM)

MUSEUM OF JEWISH HERITAGE

36 BATTERY PLACE, NEW YORK, NY 10280

Attire: Cocktail

A Message From MediNova NY President: Henry R. Paul, MD

In 2008, **NOAH NY** was officially created in order to promote a new focus in the manner that medical missions could be conducted in Haiti. After the earthquake of January 2010, **NOAH NY** maintained a presence in Port-au-Prince for 6 months to cover the tremendous critical support needs. As a result, we decided that our next step would be to increase our presence in the northeast of Haiti, an area long neglected for regular medical care. In partnership with the Haitian American Alliance, EDRA, ADFE, Howard University, and HealthFirst, NOAH NY has conducted annual medical missions in the city of Fort Liberte and its surrounding towns with an all volunteer staff.

 Our medical missions emphasize education for the local medical students, medical residents, and nursing students. Additionally in the northeast, we provide medical education conferences at the State University of Haiti – Limonade Campus, and offer a free diverse group of health and educational services to men, women and children. Presently, the northeast area is experiencing economic and industrial growth with the new Caracol Industrial Park (CIP) that has approximately 13,000 employees. With the limited access to quality urgent care, **MediNova NY** (formerly **NOAH NY**) is well positioned to provide such healthcare services to CIP employees and local residents with the construction of its state of the art urgent care center in Caracol. The Caracol healthcare center provides education, and training sessions to Haitians, and American medical professionals in the various specialties. This is an ambitious but necessary endeavor that will need the ongoing support of our volunteers, corporate partners, and friends like you. With your loyal commitment, we can make a difference in saving **Haitian Lives, One Person At A Time**. Thank you so much for your past support of our work, and many blessings to you and your family.

Sincerely,
Henry R. Paul, MD

SPOTLIGHT on MediNova NY

MediNova NY is celebrating 13+ years of providing medical services to underserved communities in Haiti. Our mission is expanding to include more than just medical mission services, **MediNova NY** now has a clinic in Caracol which provides free annual medical mission services to the Northeast of Haiti, facilitates elementary teacher training workshops and organizes and leads a medical conference for Haitian medical students and professionals. **We are 13+ Years Strong and Still Hands On!**

Help us celebrate our accomplishments and our esteemed honorees.

MediNova NY GALA – CELEBRATE WITH US

A LOOK BACK: OUR 10TH ANNIVERSARY GALA

May 22, 2019 - Brooklyn Botanic Garden, NY

MediNova NY GALA - SUPPORT US

A LOOK AHEAD: 2023 'Hope Within a Dream' GALA

This year, our goal is to raise \$750,000. Proceeds from the **MediNova NY Gala** will go towards several **MediNova NY** Initiatives in Haiti: Educational Programs, Medical Missions, & Hospital Completion. Finishing the Philips Pavilion, which is the second building of our Caracol Urgent Care Project, is of paramount importance. This building will contain two operating rooms, a conventional radiology suite and a recovery room dedicated to intensive care needs. **MediNova NY** continually strives to raise enough capital to fund the upkeep and maintenance of

the clinic and to purchase necessary equipment that allows us to provide the desperately needed, quality healthcare, year-round. With ten employees, the clinic has been operational since July 2018; and May 2019 marked the beginning of a partnership with the Office of Occupational Accident Insurance, Sickness and Maternity (OFATMA). This contract allows us to provide care for 13,000+ Industrial Park employees. In November 2022, we partnered with the FATIMA Group, a local holding company with a nonprofit arm FATIMA FOUNDATION, with the mutual objective to build a state of the art urgent care facility in the north of Haiti in order to serve all in the community. **Support Us.**
